

2005 AIChE Pacific Northwest Regional Conference
Corvallis, Oregon
April 22-23, 2005

January 30, 2005

Dear AIChE Oregon Section Members:

The Oregon State University Student Chapter of the American Institute of Chemical Engineers has an opportunity for aspiring chemical and biological engineers in the Pacific Northwest to share their experiences, exchange ideas, showcase their work, and explore potential career paths. From April 22-23, 2005 Oregon State University will be hosting the AIChE Pacific Northwest Regional Student Conference. In order to make this conference possible, we need your financial support.

The conference is an event where industry representatives can market their companies, students can participate in engineering competitions, and engineers can network with students and professors. Students compete head-to-head in the traditional Chem-E Car Competition and present their research in a paper completion. Other conference events include industry exhibits, plant tours, and a keynote speaker at the concluding awards banquet. A more detailed agenda is included in this packet.

We are committed to making this year's conference stand out from those in the past by incorporating additional events into the conference schedule absent from previous regional conferences. Nearby chemical and biological engineering corporations will set up exhibits showcasing their companies to some of the Northwest's best and brightest engineering students. Plant tours of local companies will be offered to expose students to the industrial environment.

You can support our conference by sponsoring a meal or event, or by making a general contribution to the conference as a whole. We wish to supplement the prize money supplied by AIChE National for both the Paper and Chem-E Car Competitions, and are requesting around \$1500 to do so. If this is a reasonable request, please complete the sponsorship form contained in this packet.

If you have any questions please contact me by email, ShawnaTogioka@aiche2005.com or go to our conference website at <http://www.aiche2005.com> and look for our sponsorship page. Help us make this conference great!

Best regards,

Shawna Togioka
