

10/29/2010 Meeting Minutes

WEEKLY ASSIGNMENT:

For each project, type out a page of details about your chosen project. Make a mini “lab” or description/how-to guide of the project.

- Everyone sent Warren the BOMS
 - o There are a few parts that we need to order
 - o Should we get battery packs?
- Write-ups should be fun and exciting and consistent
 - o Different manual looks for each week
 - o Formatting should be the same (eventually)
 - o Rough drafts are...rough drafts...consider content only
- Warren's Fake Tazer
 - o Transformer
- The rough drafts are while we're waiting for parts to come in, then we'll prototype
- We are officially a club of OSU
- Proposal still needs to be submitted
- Cal got list from Tina about INSPIRE members → FOLLOW UP
- Should be more traffic to IEEE Site for store hours, because linked on TekBots pages
