

# CRAIG J. BLAIR

(971) 222-8766 • blaircr@onid.orst.edu  
1512 McNary Complex • Corvallis, Oregon 97331

## OBJECTIVE

---

To obtain experience and knowledge in land surveying while contributing as a team member to provide valuable services to a survey crew

## EDUCATION

---

Oregon State University Corvallis, OR  
*Bachelor of Science, Construction Engineering Management*  
Expected Graduation June 2010

### *Upper Level Engineering Courses*

- Plane Surveying, Highway Location/Design, Control Surveying, Survey Law, and Property Surveys
- Building Construction Management, Project Management, Structures, Soils Engineering, Fluid Mechanics and Hydraulics, Civil Engineering Materials, and Technical Writing
- Software used: AutoCAD, TGO, ArcGIS, and Microsoft (Project, Word, Excel, Outlook)

## EXPERIENCE

---

### ***Associated Schools of Construction Competition*** *Reno, NV 2009 and 2010*

- Contributed to a proposal for a data communication center and a high-end tenant improvement.
- Tasks included quantity take-offs, vendor selection, specification reviews, site logistics plans, site specific safety plans, RFI's, RFQ's, and presenting to a general contractor judging panel.

### ***NECA Green Energy Challenge - 2<sup>nd</sup> Place*** *Seattle, WA 2009*

- Designed a high school electrical retrofit for OSU's student chapter team.
- Identified solutions to improve lighting and power efficiency, and researched feasibility of producing wind and photovoltaic power.

### ***Class Projects*** *Corvallis, OR 2007-Present*

- Produced designs, schedules, take-offs, estimates, and project reports both independently and in groups.
- Projects included commercial, institutional, and residential buildings as well as a water treatment plant, sewer line, asphalt parking lot, and a section of highway.

### ***Shift Leader for BSP Inc.*** *Silverton, OR 2002-2009*

- Managed the night shift for BSP Inc. (a large grass seed cleaning facility).
- Controlled shift operations, schedules, employees, reports, inspections, and repaired large machinery.
- Managed crews working on reinforced concrete, wood framing, and mechanical and electrical systems.

### ***Resident Assistant for University Housing and Dining Services*** *Corvallis, OR 2007-Present*

- Collaborated with team members on projects, programs, discussions, counseling, and problem solving.
- Facilitated academic success, sense of community, and promoted personal growth for incoming students.

### ***Eagle Scout Project*** *Silverton, OR 2006*

- Managed the construction of a cemetery flag pole and prepared pre and post construction reports.
- Assembled construction teams, budget reports, and schedules. Designed and advised work on reinforced concrete, masonry, and structural steel.
